Time in a Bottle

Contents

Wouldn't it be wonderful if we could save time in a bottle.

Time is a precious element. It cannot be measured or grasped. Time is like an elusive wind. There is always too little time for what one wants.

But let's pretend for a moment that we can save time in a bottle. In that bottle we could save all the good times of our school days, all the happy moments spent with friends, the hurried visits at lockers between classes, the secrets, and heart-breaks shared.

We could save those special moments when we finally understand a math concept, when conjugating verbs is no longer a deep, dark mystery, when the

secret to parallel parking suddenly unfolds and those orange cones finally stay put, when a good grade on an exam is the reward for those long hours spent studying.

We could again experience that special feeling of excitement and pride after a sports victory-of knowing that a cheerleading or drill team routine went especially well after long practice hours and many sore, aching muscles, of knowing that a job has been done well.

So, just for a while, let's pretend that we can save time in a bottle before we must deal with the reality of time lost forever.

Presents Logbook '83 . . .

A little shore leave is what the Wolf Howl staff needs to cure the deadline blues. Hard work and determination go into the production of your Wolf Howl.

Though we cannot actually save time in a bottle, we have tried to "bottle" the events of the

1982-83 school year in the form of a logbook.

In years to come as you turn through the pages of this Wolf Howl Logbook '83 we hope that some picture or caption will bring back some memory particularly meaningful to you.

LEADERSHIP . . . As in any organization, leadership is an important part in keeping everything running smoothly. Here at Lake Hamilton High School, student leaders assume responsibility in clubs, athletics, and in their own daily lives. Leadership is an awesome task. Patience is a must, and an outgoing personality provides the leader with the ability to get along well with both peers and adults. This is very important to the editor of the yearbook. Student leaders provide their fellow students with someone to look up to as a guide in school and in their personal lives. Leadership is an honor that is bestowed upon deserving students who fill the roles well.

PLAYING AROUND . . . A favorite pastime of any normal American teen-ager is playing around. Whether it be crazy pranks, trying to keep a straight face and not look guilty, or finally getting the nerve to talk to one's new love, playing around consists of good times and craziness. Love, laughter, and best friends always make the days and evenings seem so much better, and the lively sophomores can really come up with some imaginative ideas. Getting one's first car is a memorable experience, and going out can be a real blast. All too soon, playing around turns into studying for college exams, for life moves quickly onward and the crazy days of high school become a memory.

HOMEWORK . . . One never quite fully escapes the stresses of school . . . homework seems to follow one everywhere! Monday through Thursday, teachers pass out the dreadful homework assignments, and most do not assign homework to their students on Friday . . . thank heaven! Consideration for the work-worn student prevails on Friday, as the long and tiresome week draws to a close. Over the weekend, all thoughts of homework fade fast from the mind.

First thing Monday, though, it's back to the old routine and thinking up excuses for the times when homework is not completed. Famous excuses include: "My dog ate it"; "My little brother slobbered on it"; "It flew out the bus window"; and so on. Good grief!

MONDAY BLUES - Monday. The very word strikes fear in the hearts of the bravest warriors. It also elicits a groan or a complaint from high school students. Monday in general is a bad day. It is the type of day where it is not unusual to get out of bed and miss the floor. When one gets bit by his own goldfish, one knows it has got to be Monday. Doors refuse to open, cars just will not start, leaving ten minutes early to catch the bus and then missing it, spelling one's name incorrectly on a test paper, or being run over by a runaway speeding tricycle just compounds the agony of Monday . . . which is bad enough because Monday marks the end of the weekend!

Adding to this merriment is the pizzazz of pep assemblies and the wild excitement of watching the Wolves play! Vocabulary test, going over the cheers just one more time, wearing one's Wild Wolves shirt, counting the seconds until the final bell rings in the weekend.

"Do you actually think I'll have this book read by Monday?!?" - Larry White prepares for another book report.

GOOD TIMES . . . Good times and good friends . . . all a part of growing up. Fights at the water fountain, setting up dates, getting the answers to homework, finding one's way to classes at the beginning of the year, running for club offices are all a part of the student's high school career.

Attitudes play an important part in just how good one's times are. An individual's feelings toward his school peers, teachers, and extracurricular activities will often determine just how good times are.

All too soon, however, the carefree fun times of high school are over and college becomes a time of work and dedication. We should all take the time to get along with fellow students and faculty members and should live all days to the fullest possible extent. Be it a football game, homecoming dance, a ZZ Top concert, good times are here only as long as you live them to the fullest and try to experience all you can while you are young.

FASHION - There are many designer names synonymous with today's fashion industry. Some fashionable creations may raise an eyebrow or two or even be labeled "outrageous" but consider also that a person's style of dress most often reflects his/her individual personality and taste. SLANG - Slang. Interesting subject. What, exactly, is it? It would seem that slang is a unique form of language used when one is either too lazy or too witty to use the Queen's English. At times we use slang to get the upper hand on those people who tick us off; incidentally, "ticked off" is slang for mad.

Haven't you ever called someone a jerk? What's a "jerk?" Does he jerk things? And what about "Geek?" Geek is a good one. Who comes up with this stuff? Your average hippie becomes a "freak," "head," or "doper." The sexes receive quite a bit of slang attention as well. Females become "chicks." Males become "guys," "dudes," and other assorted descriptives.

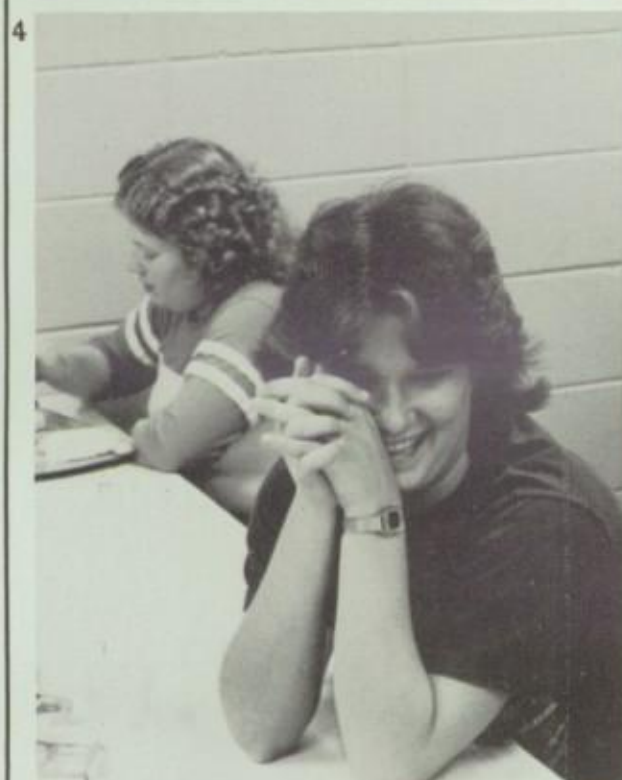

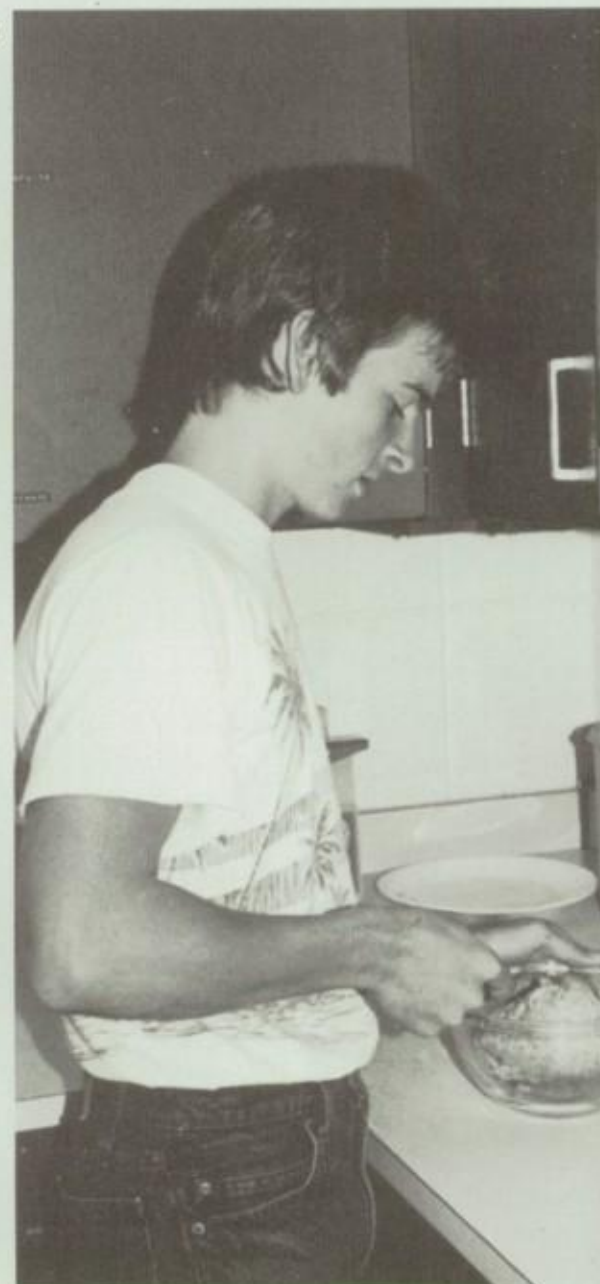

Our activities receive slang labels as well. Some we won't go into. What about "cruising." The practical definition is driving around town with two or three other people looking for females, which are ordinarily not to be found except under the care of large men who look like primates.

Have you ever "screwed up" or "lost your cool?" Probably. But let us not forget the most odious and despicable of the slang users - the Valley Girl and Dude. Tell me — could you relate to someone who says things like "gag me out the door" or "barfed out to the max?" These people wish to gain "mega" bucks. I'm sure. Welcome to California, home of mellow-speak. Out here amongst the palms you will hear the lilting refrains of "space," "karma," and "finding oneself." Out here things are "cool," "radical," "outrageous," and "heavy metal" bands "jam" in great numbers. I mean, the entire scene is completely maxed out.

"This is like totally awesome, to the max" - Mary Pompeo has had a long and exasperating day.

Sports & Spirit

Jolly Good Show

Contents

The sea instills in a sailor a spirit unknown to a "landlubber." Seagoing men find themselves pitted in a constant battle against the sea and the elements. Mere survival becomes a victory won; and with that victory won comes a sense of self-reliance, self-confidence, self-worth, and a special camaraderie with those who have shared the experiences.

Here at Lake Hamilton students have many opportunities to participate in competitive or support activities which can instill in them some of that same sense of a "victory won." Year after year the coaches and members of our athletic teams, while striving for perfection in execution, build the highest possible levels of individual effort, teamwork, char-

acter, and maturity. Members of the band, drill team, cheerleaders, pep club, all learn that the whole is only as good as its individual parts.

Victory is sweet, but does not always reward the long hours of dedicated practice. The ultimate victory can only come in knowing that the best effort has been made and in maintaining a spirit of determination to make that best effort time and time again.

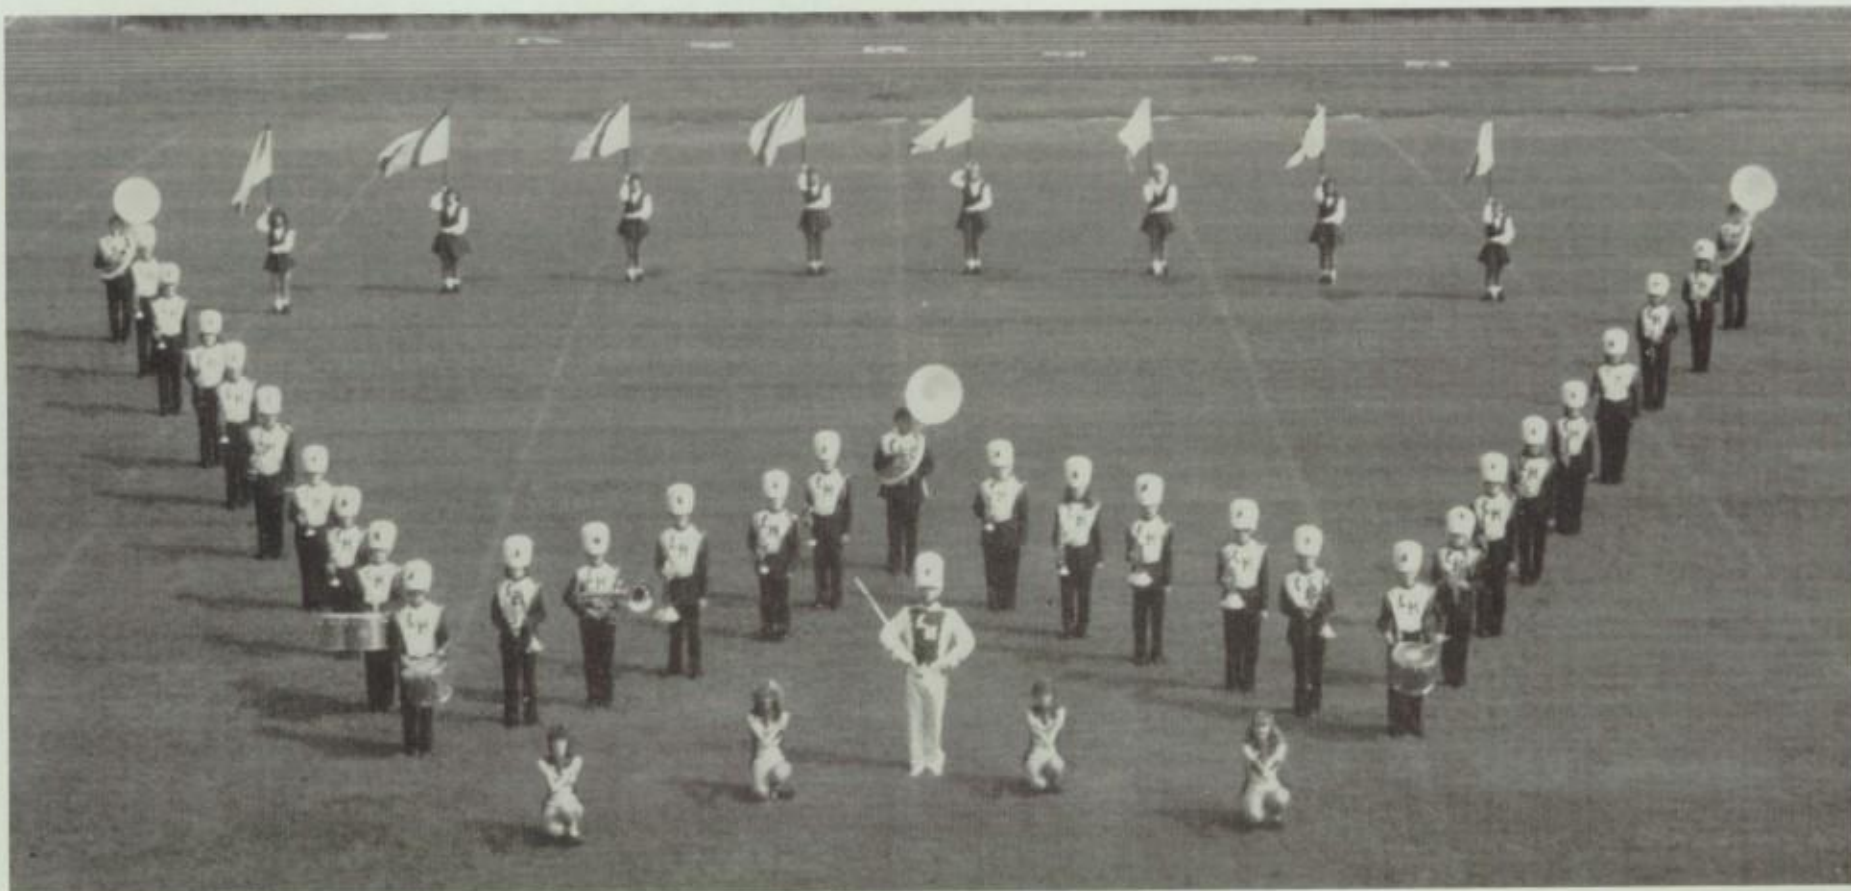

An obvious and almost physical sense of spirit, pride, and determination — that is what is exhibited by all the "sports and spirit" groups making for a "Jolly Good Show" for all Wolf Backers who are proud to be a part of Lake Hamilton.

Wolf Pack Action Highlights 1982

THE TEAM . . . The 1982-83 varsity football team worked together with an intense team spirit. The season captains were Jeff Cathey, Dennis Henry, George Pattyn, and Mike Tankersley.

THE COACHES . . . This year's varsity Wolves were guided by three new coaches, head coach Bill Koen and assistants Howard Leatherwood and John Welch, along with returning Coach Karl Koonce. Coach Koen, a 19-year veteran of coaching, has an overall record of 128-46-3.

THE SEASON . . . In 1982, the Lake Hamilton Wolves finished the season with a record of 2-8-1. Each game was a new challenge to everyone involved, and the good coaching resulted in some very exciting plays. Needless to say, the highlight of the football season was the Lake Hamilton-Lakeside game. This year's game proved to be a real thriller as the Wolves held the Rams at bay in a closely fought 7-6 victory. A conference shutout of the Sheridan Yellowjackets by the score 10-0 also provided Wolf fans with another exciting game. Ending the conference year with a record of .500, the Wolves far from disappointed fans by playing well in all of their games.

Wolves Dribble To A Successful Season!

Coaches Corner

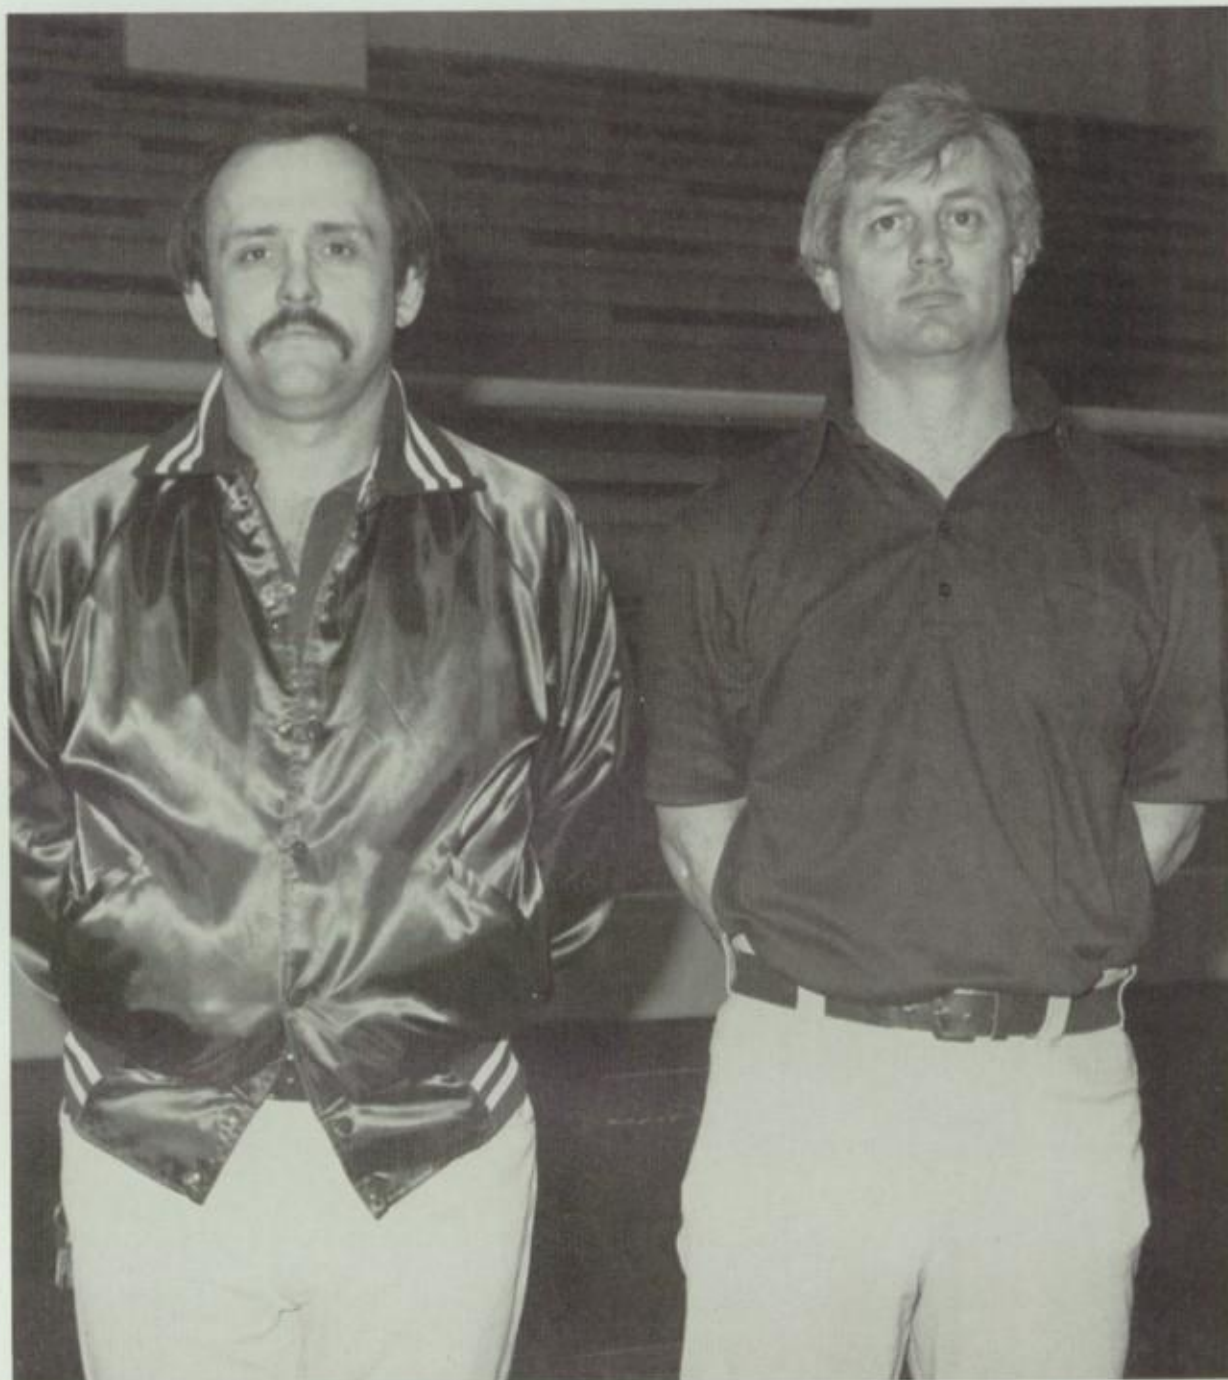

Words from Coach Payton as he reviews the season and looks forward to the next year:

"I feel we had a very good season, considering that we had only two seniors experienced in varsity play. The year was fairly inconsistent with a win one week and a loss the next.

We will have a lot of seniors next year familiar with varsity basketball, and I think next year will be the best year ever for Lake Hamilton.

Our team was equally matched in all opposition, but the outcome depended on the night's performance. "When we played well, we were very good."

The Senior A team members are: Back Row - Richard Fanning, Brad Nelson, Brett McCullough, Tom Ledbetter, Greg Lammers, Doug Harper, Russell Means, Mark Neese, Mark Tucker, and Coach Richard "Bubba" Payton. Front Row - Heath Roberts, Billy McKinney, Brian Kilgore, Gary Lammers, Curtis Garner, Jackie Robbins, and Mark Smith.

- 2 - SOMEBODY CATCH IT, PLEASE! Senior Brian Kilgore passes the ball to a fellow teammate.

Wolves Have A .500 Season

The Senior boys had a season¹ to be proud of. They finished with 10 wins and 10 losses for a .500 season.

The highlights of the year include: A win over Arkadelphia, which is a first for Lake Hamilton, and three consecutive wins over Mena, Lakeside, and Sheridan. The Sheridan game, played at Sheridan, was the best game ever, in Coach Payton's experience with Lake Hamilton.

Coach Payton hopes for a win at the Conference playoffs, taking us to the State Tournament, an achievement which once reached will be a goal for future Lake Hamilton teams to meet.

1 - Brian Kilgore reaches for the stars with this jump shot as Brett McCullough looks on with amazement.

2 - Greg Lammers goes up for the slam after easily slipping through the Badger's defense.

3 - Managers - Robby Daniels and Mark Smith.

Volleyball Bumps Its Way Through The Year

About sixty people tried out for the¹ volleyball team at the end of last year. They all worked hard at the different skills and drills. After the team was cut, they started working on harder skills and practiced everyday for the upcoming season. The practices were hard but the team worked to improve their skills. The team was invited to the Malvern Tournament at Malvern High School on October 2, 1982, where they lost to Camden and Malvern.

The District Tournament was held at the Lake Hamilton Junior High Gym on October 25-30, 1982. The Wolf team played J. A. Fair first and won 15-0, 15-7. They then played Malvern but lost 16-14. They then played Lakeside, winning the first game 15-2, but losing 15-9, and 15-11. They placed fifth in the district but the juniors and sophomores are looking forward to next year when they hope to place higher (Number One)!

Once You Set Foot On The Koonce Plantation . . .

The track team has worked very hard this year and showed a good potential for success because of their dedication and effort to reach their goals.

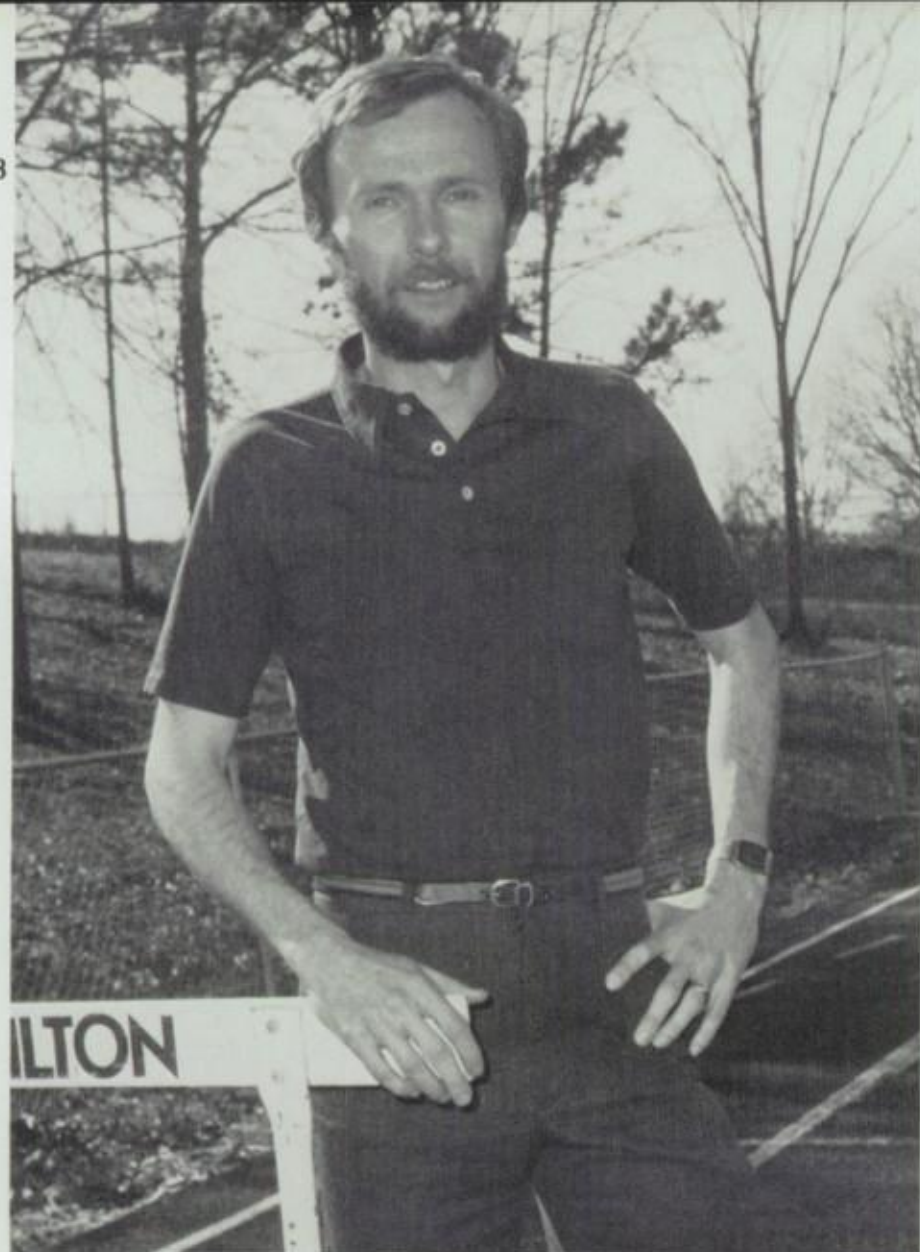

There are two seniors that have contributed greatly to the team by setting an example for others to follow. Steve Irwin was the 5AAA South Champ in the 110 HH with a school record of 15.0 seconds. Jeff Cathey was the 5AAA South Champ for the pole vault with a height of 13 feet. Jeff also contributed to the school record of 44.6 in the Mile Relay. Two other seniors with an outstanding prospect of success is George Pattyn in the 400 meter dash and Charlie Broadbent in the mile and 2-mile events.

Coach Koonce has been a great asset to the athletic program with his experience and coaching skill. He foresees a very good year for all the track team members.

- 1 - Make up your mind, Steve, don't you know you can't jump two hurdles at once!?!
- 2 - Would the real E. T. PLEASE PHONE HOME!!! Billy Hester, James Haley, Page Akins, and Robert Long finish the last lap of their workout.
- 3 - Hang it up, Coach Koonce, you are better off coaching a track team than modeling!
- 4 - Oh No! It looks a lot higher than I thought it would be! Jeff Cathey prepares to make a spectacular vault.
- 5 - BORN TO RUN FOREVER — George Pattyn seems quite at ease running track.
- 6 - Oh my gosh I'm late for dinner, HURRY! HURRY! Archie Van Gorder seems in a big hurry to finish.

Cross Country

Lake Hamilton participated and placed fifth out of 19 teams in the State AA and AAA Cross Country Meet at Ouachita Baptist University. Archie Van Gorder placed seventh out of 99 runners.

Other Cross Country highlights include: A first place finish at the Arkadelphia Invitational: the qualifying for Region 8 Meet in Norman, Oklahoma at the State TAC Meet in Little Rock by Archie Van Gorder, Charlie Broadbent, James Haley, and Page Akins; and the tenth place finish by Van Gorder in Oklahoma, which qualified him for the National Meet in Ohio.

Coach Koonce was very pleased with the team's performance, but foresees a much better season next year.

1 - Coach Koonce gives Charlie Broadbent a pep talk before his heat of the State Meet.

2 - The Senior girls Cross Country team are: Rebekah Rose, Karen Van Donge, and Amy Welchman.

Shore Leave

Contents

A break from the ho-hum routine aboard ship is shore leave. A break from the normal school routine can be found in extra-curricular activities. Lake Hamilton High School offers many ways to get involved in activities other than classes. From the Fellowship of Christian Athletes to Beta Club, there is opportunity for all to take some "R & R" — to test leadership abilities, to work for a common cause for the good of the school or community, or just to develop a special bond of friendship with others who share a common interest.

Who can forget the rock-a-thons, the walk-a-thons, the trips to the planetarium, to Blanchard Springs, and to Casa Bonita to sample their Mexican cuisine!

What fun it was to go to a Razorback game, to state and national conventions, to the state fair, to contests to test knowledge and skills against other students from around the state and nation! Remember the foot-sore and weary ad sale days, the deadlines met, the pizza parties!

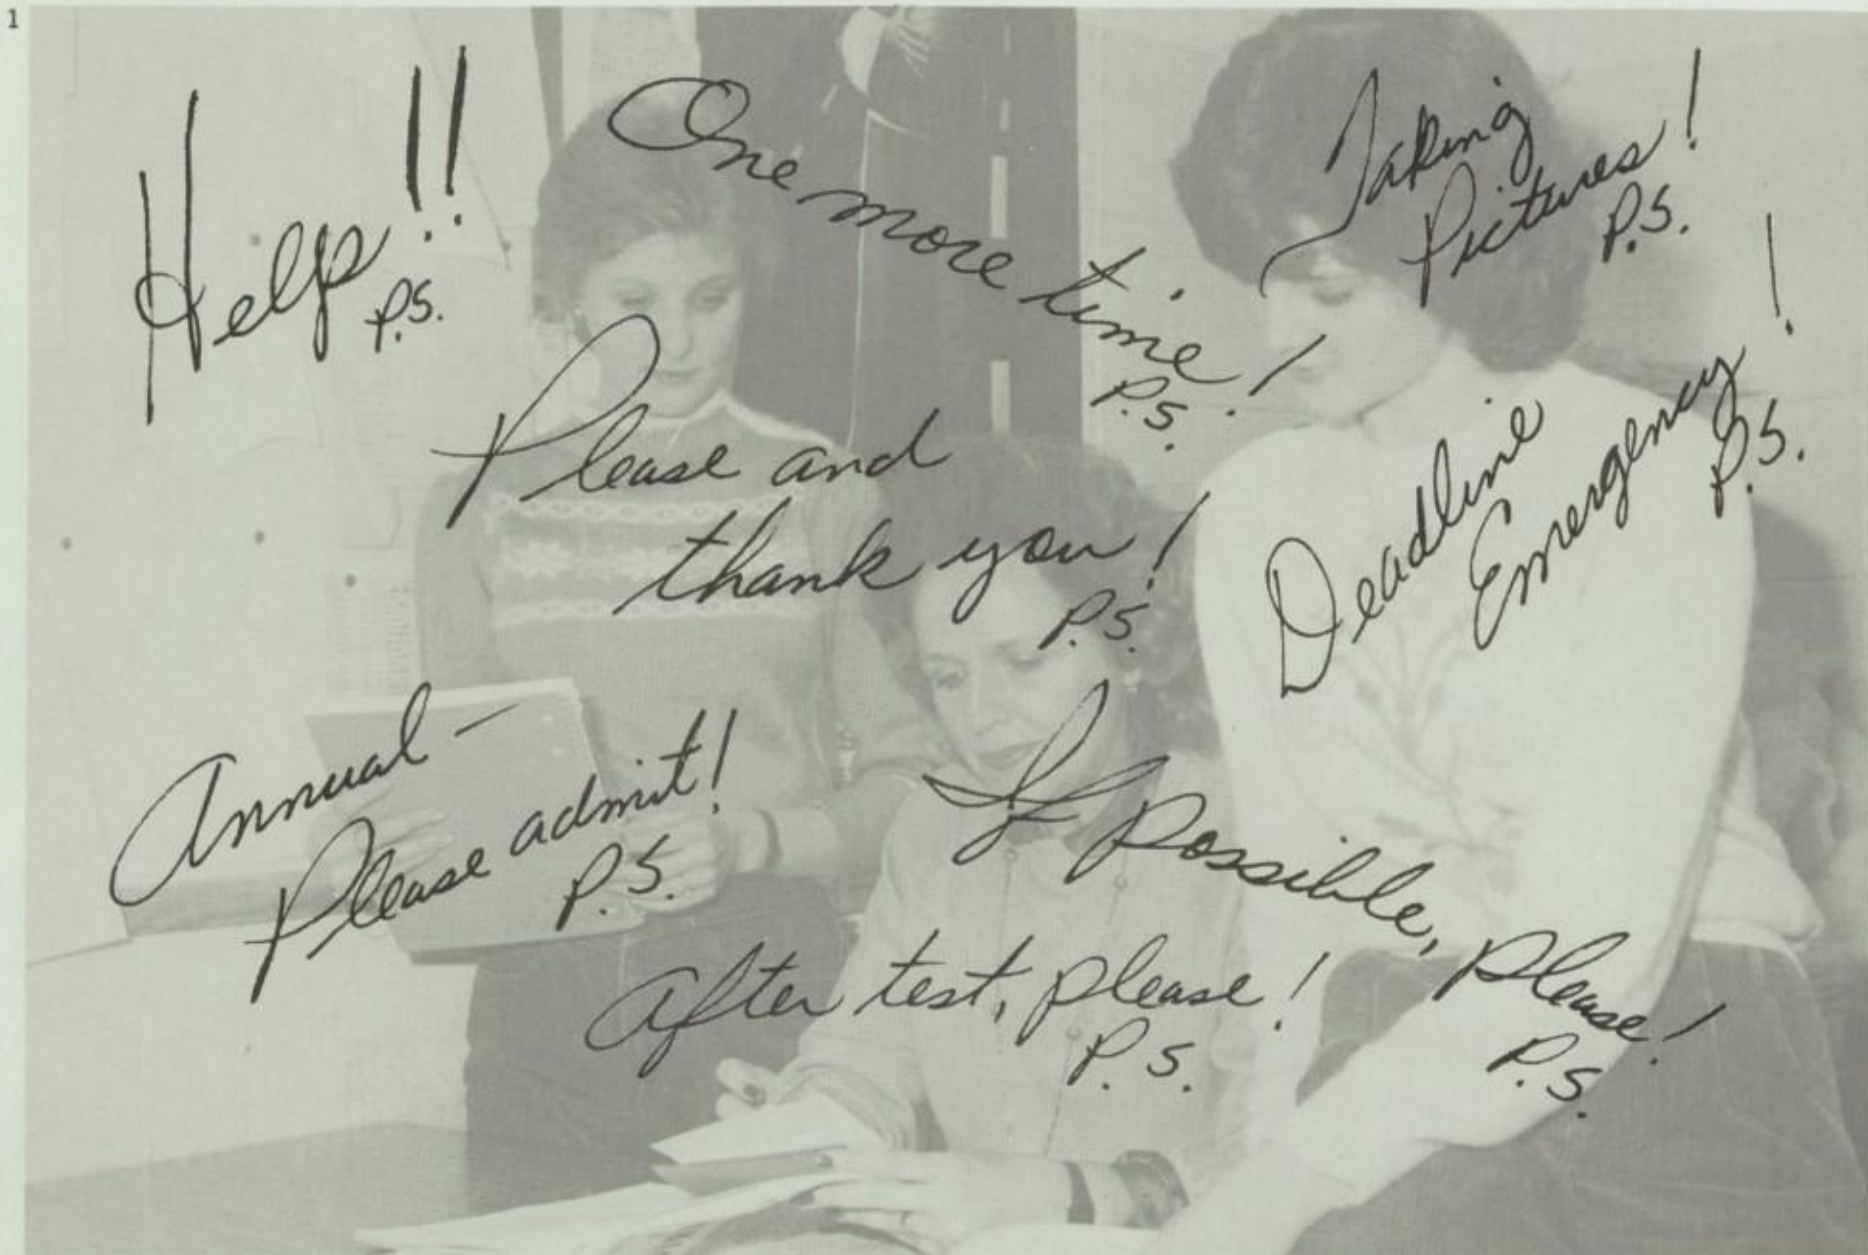

Just as vacations provide rest and recreation, getting involved in clubs allows deviation from the norm and the opportunity to meet new friends and form relationships that last beyond school.

Shore-leave is a sure-fire way to brighten up the day and make the days more interesting and stimulating, as well as providing valuable experiences that last throughout our lives.

... Today's Dreams

Because We Need Leaders

Throughout the year the Lake Hamilton Chapter is very busy traveling to the many FFA activities held across the state and nation. September brings the annual Garland County Fair. This year several members participated in the fair and won in their areas. In the swine division, Darrell Dodd had the Grand Champion Boar and Barrow. Showing the chapter owned hogs, Chris Beckwith and Terry Riggs received 2nd, Keith Glasgow and Matt Trantham received 3rd. Robert West received 4th and Jimmy Driggers received 5th. In the poultry division Robby Newcomb had a 1st place exhibit. Todd Sturgill received Grand Champion Bull, Steer and Female along with Reserve Female. Leslie Brown rounded out the day by winning Reserve Champion for her Hereford bull.

During November the annual FFA

fruit sale began. The sale was successful and the money that was raised will fund chapter activities. Also in November, three members, Todd Sturgill, Monroe Loy and Alan Tucker, attended the National FFA Convention in Kansas City, Missouri.

Beginning in February the chapter recognizes National FFA Week, which is held in conjunction with George Washington's birthday. Members also begin the many hours of practice that are needed before traveling to the district contests. Next are the State contests that are in April at the U. of A. Returning from the contests the members will share their success of the entire year at the Parent-Member banquet.

The last few days of school find the chapter leaders at the State Convention. There they will vote on and carry out

state business and elect new officers.

During the earlier part of June FFA members are just beginning a busy summer. Some will attend the Cooperative Camp where they will learn how co-ops are formed and operated. Others will attend the Youth Conservation Camp and they will study the various areas of conservation of our resources.

Later in June the recreational Committee has a float trip on the Buffalo river planned. Following that some members will attend the dynamic State Leadership Conference which is sponsored by the State Officers. Members from our chapter will meet with other chapters from all over the state to discuss problems and share solutions related to their chapters. Next, two lucky people may be chosen to attend the Washington Conference Program. The WCP is a National Leadership Workshop that helps to develop the young leaders of the nation's future. The members meet with their congressional leaders and tour the highlights of the nation's capitol in between the many workshops and programs developed by National and State Officers. The two members this past summer, Alan Tucker and Terri Jones, were among the 44 of the Arkansas delegation that were also able to attend the World's Fair while passing through Knoxville, Tennessee.

In usually the last week of July all members have the chance to attend the Summer FFA Recreational camp. They can compete in both individual and the chapter team contests. These range from swimming, tennis, fishing, basketball, volleyball, softball and wrestling. Summer camp provides the chance for some to relax before starting back to school, and for others it is a time to say good bye to friends that have been made over the years. It is also a time to reflect back upon what one has been able to learn, experience and share with other chapter members that we have come to know and practically grow-up with.

Yes, throughout the year our chapter travels many miles. From this extensive traveling comes the chance to meet new friends, develop leadership potential and expand horizons.

One of the very best examples of youth in action in our community is the FFA, the national organization for the students studying vocational agriculture in the public high schools. The Future Farmers of America is an organization run by the student-members under adult guidance. The practice of Educating Through Experience goes well with the FFA motto Learning to Do, Doing to Learn, Earning to Live, Living to Serve. The first two lines to a member may mean the member learning the responsibility of

purchasing a steer and caring for it, or it can mean participating in any of several judging contests that explore all areas of agriculture and agribusiness. Whether a member is involved in the annual fruit sale, the family farm business or an after school job in an ag related business, the student is Earning to Live. The final line of the motto, Living to Serve can be exemplified by members involved in many of the leadership activities that will prepare them to be not only the leaders of American agriculture, but of America.

"The fact is, however, that we need leaders in every place. We need them on the farm . . . in our towns . . . on our school boards . . . So . . . keep on doing what you're doing, set your sights on those goals worth achieving and work towards them and you're going to be leaders."

Sen. Jesse Helm's Address
National FFA Convention 1982

In Appreciation . . .

There are few people in this time of constant rush that truly appreciate the good things in life. Even fewer are those who help others seek out their dreams and help them come true. There is however a man that gives his all to help his students fulfill and expand their abilities. Whether it is lending a horse trailer to a young horseman to attend a horse show or driving over a thousand miles so that two students could attend a conference, Mr. Daniel is always there ready to lend a helping hand.

"When I chose the field of vocational agriculture, I am not sure that I can honestly say that I knew exactly what lay ahead of me. But to see a student set worthwhile goals is one aspect of this job that doesn't make it so much of a job. For example, seeing a student learn to weld, fix a small engine, or wire a light, or seeing a student place well in a district, state and national contest or show the grand champion at the county fair are all gratifying experiences." - Melvin Daniel

FFA Sweetheart

FFA members, I would like to thank you for electing me your chapter sweetheart. Being in FFA I realize the importance of our organizations in providing the future with leaders both on the farm and in the home. Again, thank you for your consideration in choosing me.

Student Council . . .

The Student Council was once again involved¹ in numerous school and community activities.

Five officers from the student council went to the Southern Association of Student Council convention in Columbia, South Carolina. The conference took place in October. Debates were held over such political issues as handgun control, which the officers enjoyed very much. The Association also elected National officers.

These students also went to a Governor's Leadership Conference at Arkansas Tech in Russellville. They learned much from classes in communication, public speaking, and parliamentary procedures.

The Student Council sold various items this year in order to send their officers to the conference.

The Student Council also went to Hot Springs Nursing Home to decorate their doors for Christmas, collected food to send to the Jackson House in Hot Springs for the needy, and did a fantastic job in selling raffle tickets to benefit our teacher flood victim.

I think you will all agree that our Student Council are student leaders!

Administration & Faculty

Steering the Helm

Contents

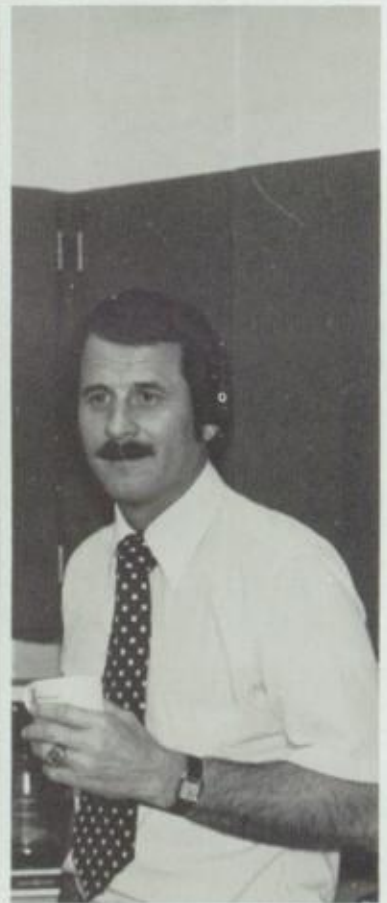

Many people are involved in keeping the Lake Hamilton ship on course. Making the major decisions affecting our school are the five school board members of our community. Next on the line of command come the superintendent, seven administrators, one hundred and forty-three teachers and other certified personnel, one school nurse, seven secretaries, seventeen instructional aides, three clerical aides, two library aides, one cafeteria administrator with twelve full time employees, seven maintenance men, four mechanics, thirty-one bus drivers, and one night watchman. Each has his own special part to play in the smooth operation of our school.

With all the different currents and eddies, an unguided

ship would not reach her destination. Just as a ship must be guided, so must a school. The administration of Lake Hamilton provides the compass; . . . they point us in the right direction. The faculty personally guides the tide of students as a whole striving to make the best of educational opportunities. The guidance counselors provide a one-to-one "North Star" to follow.

Whether preparing for college, or preparing to go straight into a working opportunity, the steady, knowledgeable hands of the administration, faculty, and counselors, with the help of all school employees, provide the needed guidance and direction in "plotting the course" into our adult lives.

Junior High

Crossing the Line

Contents

The equator is a half-way point between the northern and southern hemispheres. Junior high is the halfway point in education. Crossing from the "hemisphere" of elementary to the "hemisphere" of high school is marked by the junior high years.

The first time a sailor crosses the equator, a special initiation ceremony is held. There is much fun, merry-making, and celebration as the new sailors are initiated into the ancient maritime brotherhood of seagoing men from all centuries - past and present.

The junior high years are a sort of initiation process too. (Just

ask any junior high teacher!) In addition to the line that is crossed between elementary school and high school, there is that all-important line between childhood and young adulthood to the crossed sometimes with complication to rival those of the most strenuous ocean voyage.

So, as you journey through junior high be sure to grow in all the important aspects that will help you in your continuing journey through school and life. Develop rich friendships, strong moral standards, and most important of all, learn to rely on yourself. Have a little fun along the way, too!!!

FFA **Future Farmers of America**

FFA was organized nationally in 1928 in Kansas City by vocational agriculture students who had formed local and state organizations, some dating back to 1917. In 1950 Congress granted the FFA a Federal Charter. Today, there are 8,350 chapters in 50 States as well as in Puerto Rico and the Virgin Islands. Active membership is 475,923.

The primary purposes of the FFA are to develop agricultural leadership, cooperation and citizenship. Through participation in FFA activities, young men and women interested in all aspects of the agricultural industry, learn how to speak in public, conduct and take part in meetings, handle financial matters, solve their own problems, and assume civic responsibility.

FFA members elect their own officers and plan and carry out activities with a minimum of supervision from their vocational agriculture instructor who serves as chapter advisor.

F.F.A. members include: C. Albright, M. Bailey, K. Bayer, C. Beckwith, M. Bedford, J. Bradshaw, B. Bryan, G. Burks, M. Chancellor, L. Cogburn, M. Cogburn, C. Coker, J. Couch, K. Crosser, H. Delk, J. Driggers, C. Elkins, J. Embry, T. Ford, K.

2 - Man, are we ever cool, to the max!!!!

Whom is the ACE class for? Gifted and talented students, of course! But what comprises a "Gifted and Talented" student? Do you have to sit around thinking about the philosophical implications of the Pythagorean theorem on mankind, or spend Saturdays absorbed in learning Ancient Hebrew? No, ACE students are just like anyone else with a little extra added.

ACE participated in the Olympics of the Mind. The competition involved problem solving, in this case making a machine that could thrust a ping-pong ball into a moving object. Some students had to develop an Audio Guidance system which required a method of non-verbal communication for a five member team. Sounds interesting!!!!

My experience in being a cheerleader this year was great. I learned a lot about leadership and taking on big responsibilities like preparing for a pep assembly, bringing up ideas and activities to gain school spirit, teaching cheers, and being captain of the cheerleading squad.

I thought we really had a good squad this year. They were all very co-operative and had lots of spirit. We had lots of fun together.

The response from the fans was super at both the pep assemblies and

games.

I would like to say thanks to our sponsors, Coach White and Ms. Ray. They put out a lot of hard work and time to help us in having a successful squad.

The thing that gave us our biggest urge to work was the great team we had to support.

I would like to wish each of the future football cheerleaders lots of luck and I hope you have a great season and as much fun as I have had as a cheerleader.

What are four words that describe a LHJH Basketball Cheerleader? Dedication, cooperation, spirit, and energy. All four are essential to have, if one wants to be a basketball cheerleader.

One needs dedication, because you have to be dedicated to learn lots of cheers.

One needs cooperation for a peaceful squad. A person needs to listen and cooperate with the rest of the cheerleaders, to understand them.

One must have spirit. It's the "backbone" and purpose of cheerleading. To have spirit is to support the teams, in victory or defeat. But, spirit is mostly to give the team confidence and to represent the school.

Last of the four is energy. Basketball cheerleaders have to cheer as many as three games a night. They must always "go", pushing to be the best, and keeping the team's spirits up. This means wearing uniforms on **very** cold days, when you'd rather dress warmly, getting hot cheering for your first two games, and still having to cheer a third game, and trying to keep the team's confidence and spirits up when they're losing the game. The priorities of a basketball cheerleader are what most people would expect: wear the right sweater, be at the game on time, and exhibit leadership at games, not to mention the spirit. But other things go along with that. Some other things include selling ribbons to promote school spirit, exhibiting good conduct on & off court, and dressing & working out during the practice period.

The year 1982-83 brought some changes to the squad. One major one was mascots. A wolf and a "little" cheerleader provided the squad with extra people and extra spirit. The little cheerleader, Krisy Harmon, did a good job as a cheerleader, providing lots of spirit. The wolf, Greg Parker, was very comical and also provided lots of spirit, not to mention a few laughs. Working with both mascots can be a very special experience, since the mascots add more "spunk" to the squad.

It is apparent, from the job and what they've done on and off court, that these cheerleaders have "what it takes" to be "true basketball cheerleaders."

If You Like To Sing . . .

It's The One!

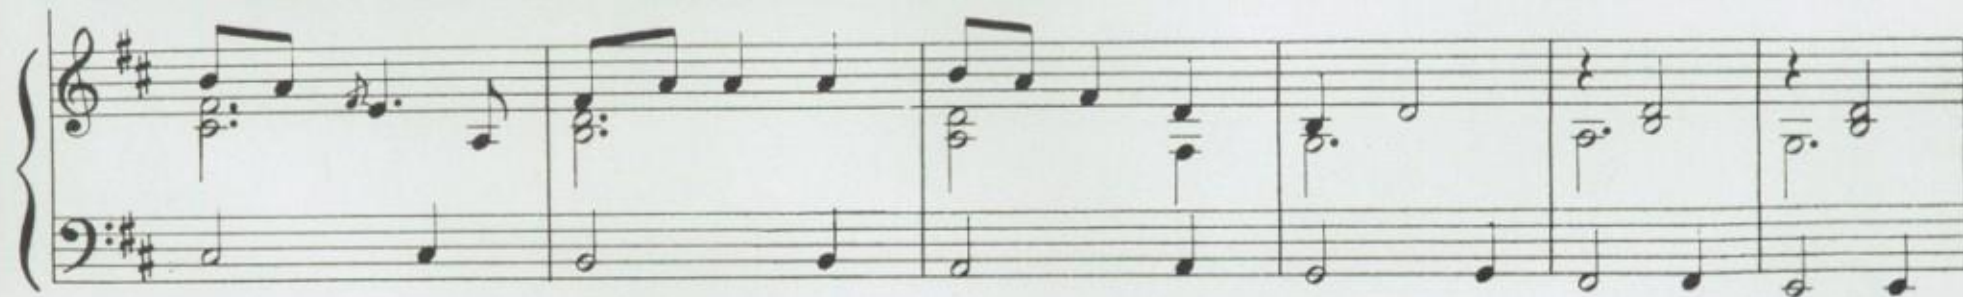

Miss Gandy from every angle

Now everybody sing

"Watch the director" "Open throat" "AH, not UH!" — These are just a few of the things you will hear if you should wander by the LHJH choir room. As the bell rings to start class, everyone is talking, and a few people make a mad dash for the music folders they should have gotten four minutes ago. Finally, everyone gets quiet (usually after a firm SH!) and the ritual of the warm-up begins: "LA-BAY-DA-MAY-NEE-PO-TOO-LA-BAY" No, it's not a magic incantation. Finally, music is brought out, and everyone puts in a hard day's work at singing!? Well, most of the time.

It's Lots Of Fun!

Setting Sail

Embarking on a new voyage is an exciting experience, often filling one with "butterflies" of apprehension. Just as taking a cruise to someplace new is exciting, beginning education is a lifetime "cruise" which opens the entire world of learning. The waters are both smooth and choppy when first setting sail. In time, we learn to ride out the waves and the storms.

From learning the alphabet to reading "Tom Sawyer" or "Little Women", from learning to print to becoming adept at cursive writing, the voyage is exciting and adventuresome. Visiting far away places with strange names and customs, learning about events from the

distant past, solving the puzzles of multiplication and long division, investigating the mysteries of science, experiencing the joys of music and art, dreaming dreams of the future, getting to know new friends, coming to trust teachers who become very special, sharing secrets and good times at recess, looking forward to the Valentines and Christmas parties — all this and more awaits each and every student who sets sail on his "ship" of learning at Lake Hamilton Elementary School.

So, enjoy all the experiences this year brings to you at Lake Hamilton and recall the happy times as you look through your "Logbook '83".

Wolf Howl Editors 1982-83

Well, this is it! We've finally gotten down to the last page. When this year began and our new staff came in the room, we had high hopes. We never anticipated what could go wrong. Pictures disappearing and impossible deadlines never crossed our minds as we began. Every time we would lose hope Mrs. Shiver was there to face what we could not. Without her this page would never be because she helps us do it all.

Our thanks go to every teacher who received a "P. Shiver" note and who accepted make-up work with a smile. Your special encouragement and understanding were a big help!

A special thanks goes to Mrs. Walston who always shares our hectic times because we always seem to be in **her** room!

Thank you, staff, for looking over our cranky moods when deadlines came near; for working hard and getting out of class which we know you hate to do; for being patient when no pictures were there and no words came to mind. You got the pages in in due time.

Photographers, you had it rough! In spite of the fact that you had to break in a new dark-room; had one camera in the shop all year; had a broken flash; and on top of everything, had to listen to us scream at you to hurry, hurry, hurry, you never gave up, you gave it your all!

We thought all was lost until the "Sanity Control Pills" arrived. But sure enough, everything came together, and here is your 1983 Wolf Howl. But we do have our nervous breakdown scheduled for February 25!

Jonny,
you've got
class. Stay that
way and you'll go
far in life. and may
all of your wishes come
true!

P.S. good luck in 6th
grade and with
the guys! and have
a good time this summer!

your BEST friend,
